

FROM VISION TO REALITY

NEIGHBOURHOOD

HEALTH

Moving From Vision to Implementation

Reflect | Inspire | Connect

- Digital priorities, progress, what “good” looks like locally
- Digital enablement in practice – opportunities, enablers, and common pitfalls
- Frailty in neighbourhoods – prevention, proactive care, and fixing cross-organisational digital communication with VCSE partners
- Engage in interactive breakout sessions using real local case examples
- Share what’s working – and where we’re still stuck
